### About This Content

- 24 (challenging!) puzzles to explore
- Deep Alternate Reality Game
- Immersive audio narrative

Agent, your expertise is needed immediately for a special operation. Rumors have emerged of The Crimson Library, a site found only on the dark web, that shows unimaginable evil. Several cases of people going blind and insane are reported in connection to the site. With the help of Agent Wheeler and NITE Team 4, you must investigate the source of these rumors and stop the spread of this madness-inducing site. In the Alone in the Dark Web DLC, you'll need to complete an all-in-client mission set [24 puzzles] that brings you to the brink of the dark web—and insanity.

#### **NOTICE - ENTER AT YOUR OWN RISK:**

This DLC takes place at a specific period within The Black Watchmen universe - Dec 2016 - and contains narrative spoilers about previous events (Season 1 + 2 and the Mother Russia DLC). The Storyline of The Black Watchmen is explored in this DLC, but it will not ruin the gameplay/puzzle experience of previous seasons, only a small part of the narrative content.

epic dlc, a must have. Great DLC. Has an interesting/spooky new plot, and the puzzles in this one are all really enjoyable. It's also worth noting that it has more missions than the last DLC for the same price. Definitely worth it.
